

## Free Cancer Film Shown Here Tonight

Two technical sound films on cancer will be shown free to the public this evening at the Stadium Theater, Gramercy and Cravens Aves., at 8 p.m., according to Howard J. Percy, press chairman for the local Cancer Society fund drive.

The films, "Traitor Within" and "Man Alive" deal with the cure and prevention of cancer, which now strikes one in five adult Americans, Percy said.

Dr. J. Bernard Rivo, Manhattan Beach cancer specialist, will be on hand following the showing to answer questions from the audience relating to the disease.

The showing is free, and the public is cordially invited to attend.

Completed three of these homes, which are said to be something new and different in home building in the Torrance area. They have indicated plans to construct even more of the dwellings.

Total building permits issued during the first quarter of 1953 were \$8,445,623. This figure is almost double the amount of permits released during the first three months of 1952.

## Membership Drive Set By Chamber

J. H. Paget, manager of the Newberry Store, has been appointed general chairman of the forthcoming Chamber of Commerce membership drive, it was announced today by Dale Isenberg, executive secretary.

Paget will be assisted by Darwin Parrish, of Parrish Stationery, and John Ebbinghouse, plant manager of American Rock Wool Corp.

The committee will formulate plans for the drive, and will make report of progress at the next board of directors meeting, set for May 11, Isenberg said.

The board this week announced plans to stage a fellowship dinner here for the new Fourth District County Supervisor Burton Chase. The dinner affair will give the supervisor an opportunity to meet leading Torrance citizens and familiarize himself with this city, the chamber secretary revealed.

the outgrowth of a holdup in which Alden told police that he was robbed of \$30,000. In the investigation that followed, Alden's records were audited and the discrepancy was found.

Alden has steadfastly denied any knowledge of the holdup men. Lie detector tests administered last Thursday proved inconclusive, according to Det. Capt. Ernest Ashton, investigating officer.

The FBI has stated that it would not act in the case until a federally conducted audit of the credit union books, which will take 30 to 60 days, is completed.

declared that such a program is both feasible and legal, and that the school facilities would without doubt be adequate to institute the expanded program.

Funds Combined

Under the Citizens' Committee plan, Sues stated, the money now

appropriated by the city, plus the county appropriation, plus the money readily available to the schools would be combined to finance the program. Civic leaders throughout the city and industry tax experts have endorsed the plan for financing the program, Sues told the Pacific Hills residents.

Police records reveal that McNally and Alden, who is being held on grand theft charges in connection with asserted credit union fund shortages, are being kept in separate jail cells at the local bastille. "Do not put in same cell as Alden. If necessary take one or the other to Gardena or Redondo Beach. No visitors," reads the police report.

Two other men described as friends of McNally are being sought for the holdup, police said.
